1. My favorite foods.

We all have our favorite meals and foods. And my favorite food is beshbarmak. It's our national kazakh food, that have our history. This food have last for thousands of years. We eat beshbarmak with 5 fingers. Instead of forks or spoons. And for important guests. we usually cook this food. And it's also very tasty. And it's important for me to prepare a healthy food. So that's why my favorite food is beshbarmak. for all of that I like beshbarmak. But I don't like the way it cooks. because it's pretty long. We have an about 4 ingredients. And most important of them is meat. We usually use the horse meat. but it's ok if we use beef or else. the second is dough. and the third is potato. We can also add vary. We boil all of them. It seems like just soup but separable. but not. Even if it seems like usual. It's very unusual food. I can't say that it's easy to prepare. so I recommend you eat this food until seven ^{evening}. This food will like for peoples whos into meat. But not only for them, because it's very healthy food. This food can help for ill peoples with low immunity. So, concluding my words, I want to say that I recommend this food for everybody.
